The goals of the SSNA are to bring together the diverse elements of our community into a united organization that truly represents the interests of all of our neighbors; to develop a capability to listen to and interact with and inform all who have interests in our community; to effectively represent our community in dealing with the City of Los Angeles and other government agencies; and, above all, to unify and serve the interests of our community so as to enhance the safety and quality of life in the Sycamore Square neighborhood and surrounding area.

2. **Public Comments on Non-Agenda Items**
3. **Special Meeting Business:**

Slow Streets: “Los Angeles Mayor Eric Garcetti has announced a new program allowing local residents to gain access to more space for recreation activities in their neighborhoods, while protecting Angelenos from overcrowding on sidewalks and promoting social distancing.

Slow Streets are for local residents only. These are not intended as gathering areas for the general public. Residents and neighbors using a Slow Street must adhere to the latest health guidelines, as outlined by the Mayor’s Safer at Home order. Gathering of groups, barbecuing, playing games that involve physical contact with others, or programming of any kind is prohibited. These streets should be treated like all other recently opened active recreation sites, including beaches and trails.

Local traffic and local parking is still allowed on these streets and emergency evacuation routes are still in order.”
